### Workshops for Year 8 to 9 students

All workshops cover core social, personal and sexuality development education in accordance with **The Australian Curriculum: Health & Physical Education and the Keeping Safe: Child Protection Curriculum**. They also work well as an introduction to school-based programs in Pastoral Care and Personal Development.

### Lesson scheduling

Workshops can be booked either as single lessons or a single and a double lesson. Fewer visits to the school by the course educator will not compromise the value of the course content.

### Lesson presentation

As presentation of all lessons will be in PowerPoint on USB, schools will be required to provide a laptop/computer, data projector as well as a whiteboard. (Educators will also provide own laptops if required)

### Maximum class numbers

To maximize the level of effective interaction among students and ensure there is a sufficient allocation of resources for group activities, the maximum number of students per class should not exceed 30. However, additional student numbers may be negotiated with Kidz Biz Education beforehand.
