### Workshops/topics for Year 8 to 10 students

All workshops cover core social, personal and sexuality development education in accordance with **The Australian Curriculum: Health & Physical Education and the Keeping Safe: Child Protection Curriculum**. They also work well as an introduction to school-based programs in Pastoral Care and Personal Development.

respectful relationships	sexting / laws / consequences	reproductive system
gender and sexuality	sextortion and image-based abuse	puberty - physical changes
sexual attraction	cyber safety, cyber bullying laws	emotional & social changes
gender and power	online pornography and violence	body image
gendered stereotypes	problematic internet use (PIU)	self esteem
gender diversity	active by-standing	peer groups
consent and coercion	media deconstruction	conflict resolution
STIs	social media pressures	coping with stress
contraception	decision making	binge drinking
pregnancy	where to access help	drug use/abuse

**Note:** The above topics can be tailored in accordance with the school ethos and gender requirements for both public and private schools. Furthermore, many schools are requesting one or two 90 to 100-minute double lessons combining some of above topics for their students.

### Time duration of lessons

All lessons run between 40 to 50 minutes for a single lesson or for 80 to 100 minutes for a double lesson in duration depending on each school’s timetable.

### Lesson scheduling

Workshops/topics can be booked either as single lessons or a single and a double lesson. Fewer visits to the school by the course educator will not compromise the value of the course content.

### Workshop suggestions
